AWARDS

25 Years Achievement Awards

This award recognized individuals who made a significant impact in the society through their commitment and dedication for providing excellent service in radiology at leading hospitals.

2014 - 2016 Residents Awards

The Annual Radiology Meeting recognized students who have attained their graduation between 2014 -2016

Speaker's Recognition

The Annual Radiology Meeting 2016 recognized the guest speakers for their valuable contribution during the 1st edition.

EXHIBITION

The Annual Radiology Meeting in UAE 2016 gained support from international governing bodies and companies. The exhibition area displayed the most recent technological advances in the field of radiology and diagnostic imaging. The event provided a golden opportunity for companies to network with over 300 delegates and showcase their up to date products and services.

ELSEVIER

TESTIMONIALS

It's important for us as Elsevier to participate in a specialised event in radiology as a global leader for clinical solutions in the world. This event gives an opportunity for the delegates to know the new trends & science in radiology.

Mohammed Taki
Sales Account Manager
Elsevier

It's a privilege to be invited & to participate in this huge & important event because we touch base with our clients to showcase our latest technology. It's very important to have such specialized event because the radiology discipline is getting bigger and bigger every year.

Ihab Ismail
General Manager
INFINITT MEA

I think the development in this field is very important for the regional doctors and residents to be updated regularly on what is going on. Totally pleased and satisfied with the organization. It was a great opportunity not to miss.

Professor Dr. Raad Mohiaddin
Consultant physician (Cardiovascular Magnetic Resonance)
Royal Brompton Hospital and Harefield NHS Trust, London, UK

The event is very well organized with a lot of distinguished speakers. I am very satisfied with the high quality of the material presented at the event.

Professor Dr. Claude Pierre-Jerome
Associate Professor of Radiology - Researcher
Akershus University Hospital - Oslo University, Lørenskog, Norway

SOCIAL ACTIVITIES

Social gatherings provide an avenue for fun whilst networking to enhance mutual collaborations and share experiences; this was apparent when speakers & VIP guests of the Annual Radiology Meeting 2016 gathered for a dinner at The Ritz-Carlton Abu Dhabi, Grand Canal on the evening of November 14th. It's our way of expressing our gratitude to all the guest speakers who made a significant contribution to the success of the Annual Radiology Meeting 2016.
