Besides being one of the most vibrant, lavish, and cosmopolitan cities in the world,

Dubai has flourished as a dynamic international city and a regional hub for business and investments, thanks to its strategic location between the East and the West and the prospective vision of its leaders.

In the last few years, the Emirate excelled as a unique destination for meetings, conferences, and exhibitions as it hosts world-class events for professionals in almost every industry all across the world, whether it be sport, economic, humanitarian, entertainment, lifestyle or art and culture which play an important role in the business success.

Dubai is an unmatched city with great opportunities; a place to share aspirations, experiences and inspiration and a global platform for knowledge-based, sustainable, innovation focused businesses. Dubai is certainly a great example on how a city plans ahead and works on its robust progress in many fields.

Welcome Messages

Message from the Chairman

Amb. Dr. Abdulsalam AlMadani

**Roving Ambassador of the Parliamentary Assembly of the Mediterranean (PAM) for the GCC Region
Chairman of the Annual Radiology Meeting in Dubai (ARM)**

A decade ago, our vision was to create more than an annual meeting; it was to build a forum where ideas, practice and policy in medical imaging could meet and be tested against real clinical challenges. Today, in its 10th edition, the Annual Radiology Meeting in Dubai (ARM) brings that vision into sharper focus.

Held under the patronage of His Highness Sheikh Hamdan bin Mohammed bin Rashid Al Maktoum, Crown Prince of Dubai, Deputy Prime Minister and Minister of Defence of the UAE, and Chairman of the Executive Council of Dubai, this edition celebrates ten years of growth, progress, and significant contribution to radiology in our region and will be held in conjunction with the Healthcare Future Summit – HFS.

This year's programme attracts more than 2,000 professionals from over 25 countries, featuring 85 international speakers and 30 poster presentations covering Interventional Radiology, Neuroradiology, Nuclear Medicine, Ultrasound, Digital Transformation and Emergency Care.

On the exhibition side, 50 leading brands are joined by three dedicated zones that define the next chapter of radiology: the AI Zone, spotlighting algorithms and decision-support tools already transforming diagnostics; the Interventional Zone, where precision techniques are reshaping patient outcomes; and the University Zone, amplifying the voices of emerging researchers and future leaders.

In addition, we deliberately dedicated specialized zones for Artificial Intelligence, Interventional Radiology and academic exchange sit alongside intensive hands-on workshops, deliberate choices to connect cutting-edge research with bedside practice.

The Business Hub remains a corner stone of ARM, facilitating partnerships that strengthen healthcare systems and build long-term value. Alongside the exhibition, ARM hosts two specialized conferences: the Diagnostic and Technical Conferences, and the hands-on workshops.

We are also proud to welcome global and regional leaders, including the Radiological Society of North America (RSNA), the Indian Society of Radiographers and Technologists (ISRT), the Federal Authority for Nuclear Regulation (FANR), and the University of DIHAD, introduces a pioneering session on veterinary imaging. These collaborations reflect our vision of connecting the world's best knowledge with the aspirations of the broader professional landscape.

As we gather for this significant edition, I wish you all a rewarding experience filled with learning, exchange, and collaboration, and I hope your time in Dubai offers not only valuable professional exchange but also the opportunity to experience the dynamism and hospitality of our city.

Welcome Messages

Message from the Chairman

Dr. Lemya Rashid Al Zaabi

Chairman ARM – Diagnostic Conference Scientific Committee

Dear Esteemed Attendees,

As the Chairman of the Annual Radiology Meeting (ARM 2025) – Diagnostic Conference, it is my distinct honor and privilege to welcome you all to the 10th edition of ARM 2025.

Get ready to embark on another remarkable journey showcasing cutting-edge advancements, insightful discussions, and invaluable networking opportunities. Together, we will continue exploring the latest innovations shaping the field of radiology and strengthening our shared commitment to advancing healthcare for all.

At ARM, we take pride in uniting dedicated physicians, healthcare professionals, researchers, and industry partners who work tirelessly to safeguard and enhance public health. This year's edition promises to be an inspiring platform where knowledge sharing, collaboration, and innovation take center stage.

Over the past eight years, ARM has evolved into a premier regional hub for radiology education, research, and professional growth. The ARM 2025 program has been thoughtfully curated to deliver exceptional scientific content, engaging workshops, and educational sessions that will enrich the experiences of attendees, presenters, and exhibitors alike.

With a growing number of abstract submissions and scientific contributions, it is clear that ARM continues to be recognized as a cornerstone for learning, networking, and advancing radiology practice across the UAE and beyond.

Our pledge remains steadfast — to provide you with access to the latest tools, education, and innovations essential for professional excellence and for delivering high-quality, safe, and patient-centered care.

Thank you for your continued trust, participation, and dedication to the radiology community. I look forward to welcoming you all to ARM 2025 and to another inspiring and impactful edition together.

Warm regards,

Dr. Lemya Rashid Al Zaabi

Welcome Messages

Message from Chairman

Dr. Hashim Al Awadhi

Chairman ARM - Technical Conference Scientific Committee

Dear Colleagues and Friends,

On behalf of the Radiographers Society of the Emirates, it is my distinct honor and pleasure to warmly welcome you to the 10th edition of the Annual Radiology Meeting in Dubai – ARM 2025.

This prestigious gathering continues to serve as a dynamic platform for exchanging knowledge, sharing experiences, and uniting the global radiology community. As we come together once again, we celebrate the remarkable advancements shaping our field while enriching this year's conference with a diverse and forward-looking scientific program.

Our mission remains unwavering — to advance excellence, innovation, and professionalism across all areas of radiology. The ARM 2025 program will spotlight cutting-edge technologies and applications, with focused sessions on cardiac imaging, pediatric imaging, neuroradiology, artificial intelligence, ultrasound, and emerging trends in nuclear medicine.

We are confident that this year's sessions will inspire meaningful discussions, spark new collaborations, and ignite innovative ideas that will strengthen radiology practice across the region and beyond.

It is a true privilege to share this platform with so many dedicated professionals and visionaries. We look forward to your active participation and engagement as we continue building a brighter future for our field together.

Warm regards,

Dr. Hashim Al Awadhi

General Information

Official Event Dates:
21 – 23 October 2025

Venue:
Dubai World Trade Center – Sheikh Rashid Hall

Opening Ceremony:

- Date: 21st October 2025
- Time: 10:00 AM
- Location: Sheikh Rashid Hall

Exhibition Opening Hours:

Tuesday	21 October 2025	10:00 – 18:00
Wednesday	22 October 2025	10:00 – 18:00
Thursday	23 October 2025	10:00 – 16:00

Conference Timings:

Tuesday	21 October 2025	8:30 – 18:00
Wednesday	22 October 2025	8:30 – 18:00
Thursday	23 October 2025	8:30 – 16:00

Admission:
No onsite registrations. All registrations to be made online via ARM 2025 website. Children below the age of 15 will not be admitted.

Business Centre:
Business Centre is located in concourse near Hall 1.

Organizer Office:
Located in front of Sheikh Rashid Hall - F

INFINITT

General Information

Dining and Retail:

A wide range of outlets are located in the concourses 1 and 2. Services include coffee shops and restaurants, business center, courier service, banks, pharmacy, post office and telecom outlet.

Car Parking:

Paid Car Park : Multi- Storey car park – Level 3, 4 and 5

Transportation:

Public transports are widely available and offer a safe and convenient mode of transport.

Taxis are plentiful and reasonably priced. Taxis available in car park E opposite Ibis Hotel.

The Dubai Metro station is located near the DWTC Exhibition Gates .

Prayer Rooms:

The Gents prayer room is located at the second floor opposite Hall 6. The Ladies prayer room is located at the second floor opposite Hall 7.

Lost and Found:

For lost and found item/s please ask the assistance of the security staff or the organizers. The lost and found office is located on Level 1, above Hall 8 and is responsible for the safe keeping of items that have been found at the premises.

Emergency Medical Services (EMS):

The EMS station is located in the main concourse (concourse 2) between Hall 4 and 5.

ANNUAL RADIOLOGY MEETING IN DUBAI 2025

Accreditation

ARM Conference

Upto
CPD Credits:

21

Accreditation No.:
DHA/MTS/ACC/25-2201/A

How to Claim your credit hours?

How does the system work?

- Every time you access or exit the conference hall, you will be required to scan your E-badge at the gateway located at the entrance of the session halls. Failure to scanning your badge will result in non-calculation of the credit hours
- The system will automatically calculate the time spent during the session on your entry and exit. Please make sure to attend at least 75% of the sessions to obtain full CME as provided per session.

When can I collect my CME?

- For the continuing education certificate, the system will calculate the total number of credit hours you earned based on your overall attendance at the conference. The certificate can be viewed and printed 20 working days after the end of the show.

How can I collect my CME?

- Visit ARM website (radiologyuae.com) and click on the CME certificate button for collection of the certificate. This service will be available 20 days post event. Step by step instructions will be provided on the website.

Guest Speakers

Abdulla Rahman

Radiology Manager
Sheikh Khalifa Hospital, UAE

Abrar Noor

Radiology Specialist
King Fahad Armed Forces Hospital, Saudi Arabia

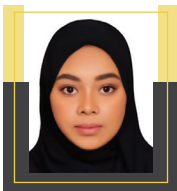

Adhari Al Zaabi

Associate professor, Senior specialist,
Sultan Qaboos University, Oman

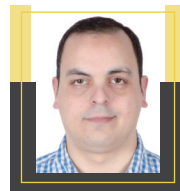

Aditya Nagrath

Senior Technologist, Radiodiagnosis and
Imaging, PGIMER, India

Afra Alfalasi

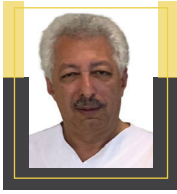

Senior Radiation Safety Officer, University
of Sharjah, United Arab Emirates

Ahmad Abu Qorah

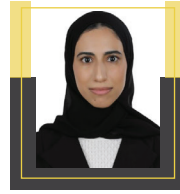

Senior In Charge Cath Lab Technologist,
EHS - Fujairah Hospital, United Arab
Emirates

Guest Speakers

Ahmed El -Serafi

Radiology Professor, Suez Canal
University, Egypt

Aisha Alowais

Radiology Resident, Cleveland Clinic Abu
Dhabi, United Arab Emirates

Aisha Mayana

Sonographer, Kuwait Hospital Sharjah,
United Arab Emirates

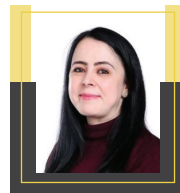

Ali Yusuf

Diagnostic Radiology, Salmaniya Medical
Complex, Bahrain

Amina Mahmood Ahmed

Head of Quality & Excellence Department
and Head of Sustainability
Emirates Health Services, United Arab
Emirates

Ammarah Gani

Faculty, CVM, Univeristy of Al Dhaid

Guest Speakers

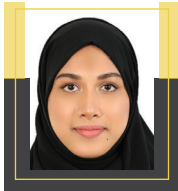

Amrita Kumar

Consultant Radiologist and AI
Implementation Lead, HealthBay
PolyClinic,
United Arab Emirates

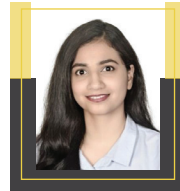

Andrea Laghi

Professor and Chairman of Radiology
Member of the Superior Health Council,
Italian Ministry of Health, Italy

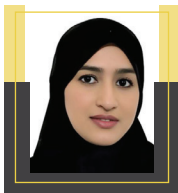

Anood Hamid

Radiography Technologist, Al Qassimi
Hospital Sharjah, United Arab Emirates

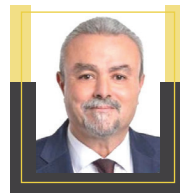

Anudeep Kaur

Assistant Professor of Medical Imaging
Technology, Royal Institute of Medical &
Allied Sciences, India

Asmahan Sajwani

M.A. Radiology Manager, Sheikh Khalifa
General Hospital, United Arab Emirates

Ayman Elsayed

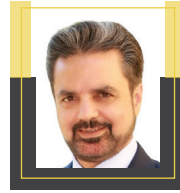

Consultant Radiologist - SSMC Clinical
Professor - Clerkship Director - Radiology,
College of Medicine and Health Sciences
- Khalifa University College of Medicine
- Gulf Medical University, United Arab
Emirates

Guest Speakers

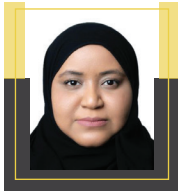

Bashar Afif Issa,

Professor of Physics, University of Sharjah,
United Arab Emirates

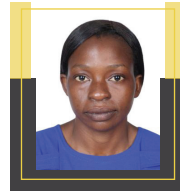

Bassem Yamout

Professor of Neurology and director of
the Neurology Institute, Harley Street
Medical Centre, United Arab Emirates

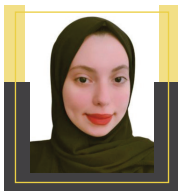

Buthaina Al Ameri,

Sr. Specialist, Federal Authority for
Nuclear Regulation

Charity Runesu,

Sonographer, Sheikh Khalifa Medical City
Ajman, United Arab Emirates

Dania Kashabash

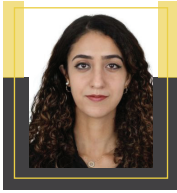

Clinical Preceptor- Medical Imaging
Sciences, College Of Health Sciences,
GMU
United Arab Emirates

Dhananjaya Vamyanmane

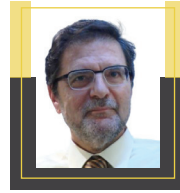

Consultant Pediatric Radiologist,
Motherhood Women and Children
Hospital,
United Arab Emirates

Guest Speakers

Diana Kokash

Radiology resident, MBRU
United Arab Emirates

Dimitris Katsifarakis

CEO, ISRRT, Greece

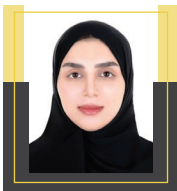

Dina Elbestawy

Clinical Informatics Consultant,
Emirates Health Services, UAE

Dolly Sharma

Professor & Head, Dept. Radio Imaging
Technology, Shree Guru Gobind Singh
Tricentenary University, India

Ebtisam Mohamed

Radiography Technologist, Dubai Police
General Clinic, United Arab Emirates

Edlira Muca

SENIOR LECTURER, University of Al
Dhaid, UAE

Guest Speakers

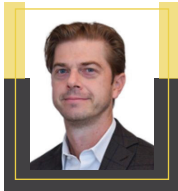

Emily Skelton

Senior Lecturer in Diagnostic Imaging (Medical Ultrasound) and Deputy Director of the City St George's Radiography Research Group (CRRAG), City St George's, University of London

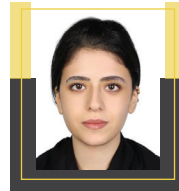

Esat Memisoglu,

MD, DABR Consultant Radiologist, Director of Radiology Residency Program, Imaging Institute, Cleaveland Clinic Abu Dhabi, United Arab Emirates

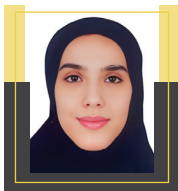

Fabrice Bonneville

Director of the Radiology Residency Program, Pierre Paul Riquet Hospital, France

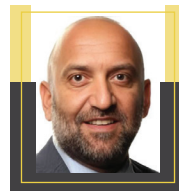

Fatemeh Sadeghi,

Sonographer, Gulf Medical University, United Arab Emirates

Fatima Al Yafei

General Radiographer, Sheikh Shakhboub Medical City, United Arab Emirates

Gianluca Pontone

Professor of Cardiovascular Disease, Department of Biomedical, Surgical and Dental Sciences, University of Milan, Milan, Italy Deputy Scientific Director, Director of Perioperative Cardiology - Italy

Guest Speakers

Georgios Kapsas

Consultant Radiologist,
King's College Hospital, United Arab
Emirates

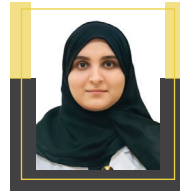

Gurubharath Ilangovan

Professor and Head of Department
of Radiology, Tagore Medical College
Hospital - The Tamilnadu Dr MGR Medical
University, United Arab Emirates

Hashim Al Awadhi

President, RASE

Hasina Khan

Radiographer, Sheikh Shakhbout Medical
City,
United Arab Emirates

Inas Alhameedi

Senior specialist Radiologist, Faqeeh
university hospital, United Arab Emirates

Khaleel Abuodeh

Senior Sonographer Acting Deputy Team
Leader, Founder, SonoH

Guest Speakers

Lamia Jamjoom

HOD - Radiology department, King Abdulaziz University, Saudi Arabia

Leena David

Faculty, University of Salford, United Arab Emirates

Luay Abdalwahab

Consultant of pediatric and Neonatology
Fujairah hospital-EHS, United Arab Emirates

Ludwig Botchway

Lecturer, University of Al Dhaid, United Arab Emirates

Magdy Ali

Assistant Professor of Medical Imaging,
Gulf Medical University, United Arab Emirates

Mahmoud El-Kaissi

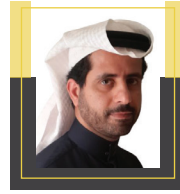

MD, Staff Physician, Cleaveland Clinic Abu Dhabi, United Arab Emirates

Guest Speakers

Maryam Alhebsi

Radiographer, Dubai Police

Metab Al Kubeyyer

Consultant Radiologist, King Saud
University Medical City, Saudi Arabia

Mohamed Abdelmegeid

Professor, University of Al Dhaid, United
Arab Emirates

Mohamed Abuzaid

Associate Professor, University of Sharjah,
United Arab Emirates

Mohamed Asif Haja Mydeen

Student, Gulf Medical University – GMU,
United Arab Emirates

Mohamed Thani Al Hammadi

Sr. Health Physicist, Federal Authority for
Nuclear Regulation, United Arab Emirates

Guest Speakers

Mohammad Rawashdeh,

Associate Professor, Gulf Medical University - GMU, UAE

Mohammad Mehrjardi

Radiologist, Dr. Zare Mehrjardi Medical Imaging Center, Iran

Mohammed Ayasrah

Associate Prof., Jordan University Of Science & Technology, Jordan

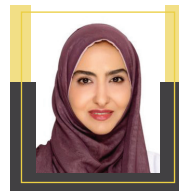

Momena Elsadawy

Specialist radiologist, Associate Professor, Ain shams university, United Arab Emirates

Noorieh Rooeintan

Sonography student, Gulf medical university, United Arab Emirates

Nuha Khoumais

Consultant Radiologist & Section Head, Breast Imaging
King Faisal Specialist Hospital & Research Centre, Saudi Arabia

Guest Speakers

Obhulichandran Madhivanan

PhD Research Scholar, United Arab Emirates

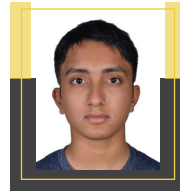

Oraj Dikmen

Medical Director, General Electric Healthcare, United Arab Emirates

Rajesh Kumar

Manager
United Imaging Healthcare MENA
United Arab Emirates

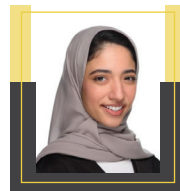

Rashed Shaikh

Foundation Year 1 Doctor, Royal Bolton Hospital,
United Kingdom

S. Panneer Selvam

Adjunct faculty of Medical Physics,
Sri Ramachandra Institute of Higher Education & Research Chennai, India

Safeya Adel

Quality Control Technologist in Medical Imaging Department,
King Hamad University Hospital, Bahrain

Guest Speakers

Salah El Rai

Consultant radiologist / HOD
United Arab Emirates
Dr. Sulaiman Al Habib Medical Center

Wednesday, 22 Oct

DAY
3

Thursday, 23 Oct

ANNUAL RADIOLOGY MEETING IN DUBAI 2025

Diagnostic Conference Program

DAY 1: TUESDAY, 21 OCTOBER 2025

08:30 - 09:50

Session 1: Empowering Radiology Practice: Teleradiology, AI and Sustainable Innovation

Chairperson: Lemya Al Zaabi

08:30 - 08:50

Teleradiology in Saudi Arabia: Enhancing Imaging Access and Streamlining Care Delivery

Sonal Arjuna | United Arab Emirates

08:50 - 09:10

Immersive Learning: How VR and AR Are Shaping the Future of Radiology Training

Sneha Bopche | United Arab Emirates

09:10 - 09:30

Sustainable Radiology in Practice: A Framework for Future-Ready Imaging Services

Mohamed Abuzaid | United Arab Emirates

09:30 - 09:50

Trustworthy Radiology AI: A Roadmap for Validation and Clinical Oversight

Sarthi Manchanda | India

Opening Ceremony

11:00 - 13:00

Session 2: Radiology AI implementation challenges, regulation and ethical considerations

Chairperson: Salah El Rai

11:00 - 11:20

AI in Healthcare: Navigating the Roles of Decision Makers, Suppliers, and End Users

Ahmed El -Serafi | United Arab Emirates

11:20 - 11:40

AI implementation: Governance and Ethical frameworks

Amrita Kumar | United Arab Emirates

11:40 - 12:00

Validating Radiology AI: A Practical Guide to Clinical Integration in Your Workplace

Metab Al Kubeyyer | Saudi Arabia

12:00 - 12:20

Inside Oman's AI Transformation: A National Overview

Adhari Al Zaabi | Oman

12:20 - 12:40

Artificial Intelligence Experience at EHS Radiology Department

Dina Elbestawy | United Arab Emirates

12:40 - 13:00

Expert Dialogue: Challenges and Solutions in Radiology AI

13:00 - 14:00 Lunch Break

14:00 - 15:20

Session 3: Abdomen & Pelvis in Focus: Case-Based Strategies for Radiologic Decision-Making

Chairperson: Walter Coudyzer

14:00 - 14:20

Abdominal emergencies: what every radiologist should recognize and avoid missing

Christiana Bonifacio | Italy

14:20 - 14:40

Inflammatory bowel disease imaging: imaging guide to daily practice

Andrea Laghi | Italy

14:40 - 15:00

Pancreatic IPMN diagnosis: from diagnosis to follow-up

Christiana Bonifacio | Italy

15:00 - 15:20

MRI Meets Microscopy: How Imaging Reflects the Pathology of Rectal Cancer

Andrea Laghi | Italy

15:20 - 15:40 Break

15:40 - 17:40

Session 4: Reimagining Contrast Agents: Clinical Compliance, Customization, and the Role of AI

Chairperson: Jorge Soto

15:40 - 16:00

Gastrografin Administration in Small Bowel Obstruction – Are We Compliant with NASBO Guidelines? Can We Integrate Gastrografin as a Therapeutic Agent into Radiological Guidelines?

Rashed Shaikh | United Arab Emirates

16:00 - 16:20

From Prep to Precision: Effective Use of IV and Oral Gadolinium Contrast in Abdominopelvic MRI, Including Entero MRI Protocols

Andrea Laghi | Italy

16:20 - 16:40

IV iodine contrast medium injection: patient and machine tailored approach

Walter Coudyzer | Belgium

16:40 - 17:00

Optimizing Abdominopelvic CT: The Role of Iodine-Based Oral and Enema Contrast Agents

Andrea Laghi | Italy

17:00 - 17:20

Photon Counting in Action: Three Years of Breakthrough Imaging Experience in Belgium

Walter Coudyzer | Belgium

17:20 - 17:40

How Safe Are Non-Ionic Low-Osmolar Contrast Agents? A Systematic Review and Meta-Analysis

Oraj Dikmen | United Arab Emirates

Diagnostic Conference Program

DAY 2: WEDNESDAY, 22 OCTOBER 2025

08:30 - 09:50

Session 5: Neuroinflammatory Imaging: Evolving MRI Insights in MS and Myelopathies

Chairperson: Ayman ElSayed

08:30 - 08:50

Tracking the Brain in MS: Short-Term Volume Changes in a Longitudinal Perspective

Ali Yusuf | United Arab Emirates

08:50 - 09:10

Imaging Multiple Sclerosis: Unpacking the 2024 McDonald Criteria

Bassem Yamout | Lebanon

09:10 - 09:30

Spinal cord clues: Recognizing Non-Infectious Myelitis and Myelopathies on MRI

Fabrice Bonneville | France

09:30 - 09:50

Neuroinflammation Off the Beaten Path: Recognizing the Rare and Overlooked

Georgios Kapsas | Greece

09:50 - 10:30 Break

10:30 - 12:00

Session 6: Neuroradiology Under Pressure: Avoiding Pitfalls in High-Stakes Diagnoses

Chairperson: Georgios Kapsas

10:30 - 10:50

Spotlight on Non-Aneurysmal SAH: What Every Radiologist Should Know

Fabrice Bonneville | France

10:50 - 11:10

Seeing the Pressure: Imaging Advances in Idiopathic Intracranial Hypertension

Ayman ElSayed | United Arab Emirates

11:10 - 11:30

Sellar Region Secrets: Tricks, Traps, and How to Avoid Misdiagnosis
Fabrice Bonneville | France

11:30 - 12:00

Predicting Normal Pressure Hydrocephalus: Insights from the DESH Scale in Aging Brains
Ali Yusuf | United Arab Emirates

12:00 - 13:00

Session 7: RSNA

Chairperson: Lamia Jamjoom

12:00 - 12:30

CT of Bowel Obstruction- Lecture
Jorge Soto | USA

12:30 - 13:00

Emergency and Trauma Imaging (interactive)
Jorge Soto | USA

13:00 - 14:00 Lunch Break

14:00 - 16:00

Session 8: Breast imaging

Chairpersons: Nuha Khoumais & Naghma Nawaz

14:00 - 14:20

AI in Breast Imaging: Transforming Detection, Diagnosis, and Beyond
Amrita Kumar | UK

14:20 - 14:40

Between Benign and Malignant: A Collaborative Approach to B3 Breast Lesions
Momena Elsadawy | United Arab Emirates

14:40 - 15:10

Breast Imaging Breakthroughs: Advancing Early Detection, Saving More Lives
Shaista Meraj | UK

15:10 - 15:30

Will contrast enhanced mammography replace MRI breast?

Naghma Erum Nawaz | United Arab Emirates

15:30 - 15:50

Contrast-Enhanced Mammography (CEM)-Guided Breast Biopsy:
Expanding the Boundaries of Image-Guided Intervention

Nuha Khoumais | Saudi Arabia

15:50 - 16:00

Dense Breast Imaging- Navigating challenges

Shweta Agarwal | United Arab Emirates

16:00 - 16:20 Break

16:20 - 18:00

Session 9: Behind the Pelvic Pain: Diagnostic Insights in Female Pelvic Pathologies

Chairperson: Naghma Nawaz

16:20 - 16:40

The Future of MRI Innovations and Ultrahigh Field Imaging

Rajesh Kumar Rajappan

16:40 - 17:00

MRI in Endometriosis: A Case-Based Guide to Diagnosis and Management

Venkatesh Manchikanti

17:00 - 17:20

Targeting Deep Infiltrating Endometriosis: The Power of Ultrasound in Clinical Practice

Mohammad Zare Mehrjardi

17:20 - 17:40

Unmasking Ovarian Tumors: Common and Rare Findings on MRI with a Focus on DW-MRI

Sriveni Sana

17:40 - 18:00

When Fibroids Mimic Cysts: The Diagnostic Challenge of Complete Myoma Degeneration

Abdi Dibaba | Tanzania

Diagnostic Conference Program

DAY 3: THURSDAY, 23 OCTOBER 2025

08:30 - 09:30

Session 10: Targeted Thoracic Imaging: Diagnosing Better, Screening Smarter

Chairperson: Gianluca Pontone

08:30 - 08:50

HRCT for ILD: Pattern Recognition, Diagnostic Traps, and Follow-Up Essentials

Diana Kokash | United Arab Emirates

08:50 - 09:10

Imaging in pulmonary hypertension

Lamia Jamjoom | Saudi Arabia

09:10 - 09:30

From Pilot to Practice: Insights from Abu Dhabi's Low-Dose Lung Screening Initiative

Mahmoud El-Kaissi | United Arab Emirates

09:30 - 10:00 Break

10:00 - 11:50

Session 11: Cardiac Imaging in Practice: What Every Radiologist Needs to Know

Chairperson: Lamia Jamjoom

10:00 - 10:30

Recognizing and Assessing Coronary Artery Disease: A Practical Approach for General Radiologists

Gianluca Pontone | Italy

10:30 - 10:50

Heart Matters: Cardiac Findings You Can't Miss on Chest and Abdominal CT

Lamia Jamjoom | Saudi Arabia

10:50 - 11:10

Common pitfalls in cardiovascular imaging: what the general radiologist must know

Gianluca Pontone | Italy

11:10 - 11:30

Applying CAD-RADS 2.0 in daily practice. Structured Reporting in Cardiac CT: Elevating Accuracy and Clarity

Inas Alhameedi | United Arab Emirates

11:30 - 11:50

Case based cardiovascular imaging pitfalls: case review and interpretation tips

Gianluca Pontone | Italy

11:50 - 12:30

Session 12 : Small Patients, Big Diagnoses: Pediatric Imaging Across Brain and Chest

Chairperson: Tawil Mohammed

11:50 - 12:10

Lung Ultrasonography in Newborns: A Frontline Tool for Respiratory Distress

Dhananjaya Vamyanmane | India

12:10 - 12:30

Seeing the unseen - IVH in NICU & cranial US

Luay Abdalwahab | United Arab Emirates

12:30 - 13:30 Lunch Break

13:30 - 14:30

Session 13: MSK imaging

Chairperson: Mahmoud Kaissi

13:30 - 13:50

Axial Spondylarthritis Unveiled: A Radiologist's Guide to Early and Late Findings

Esat Memisoglu | United Arab Emirates

13:50 - 14:10

Brachial Plexus Under Strain: MRI Insights and Clinical Impact from a Hospital-Based Study

Gurubharath Ilangoan | United Arab Emirates

14:10 - 14:30

Peripheral Spondyloarthritis on Imaging: Joints, Entheses, and Diagnostic Clues

Esat Memisoglu | United Arab Emirates

14:30 - 15:30

Session 14: Beyond the Obvious: Complex Cases That Challenge Radiologic Thinking

Chairperson: Lemya Al Zaabi

14:30 - 14:40

From Silent to Catastrophic: Aortic Aneurysm Rupture and Its Warnings

Diana Kokash | United Arab Emirates

14:40 - 14:50

A Hidden Threat: Pelvic Mass Presenting with Catastrophic Haemorrhage

Ali Yusuf | United Arab Emirates

14:50 - 15:00

Mimicry in the Cecum: A Case of Mistaken Malignancy

Aisha Alowais | United Arab Emirates

15:00 - 15:10

Beyond the Routine: Remarkable Fetal Anomalies Seen on Prenatal Ultrasound

Amira Abueida | United Arab Emirates

15:10 - 15:30

Q & A

Closing Ceremony

PROGRAM

ARM Technical Conference

DAY

1

Tuesday, 21 Oct

DAY

2

Wednesday, 22 Oct

DAY

3

Thursday, 23 Oct

Technical Conference Program

DAY 1: TUESDAY, 21 OCTOBER 2025

08:40 - 10:00

Session 1

Chairperson: Dimitris Katsifarakis

08:40 - 09:00

Artificial intelligence in the diagnostic imaging: Impact on the sonography profession

Charity Runesu | United Arab Emirates

09:00 - 09:20

Revolutionizing CT Radiography: Closing Knowledge Gaps and Upgrading Iodinated Contrast Media Protocol

Dania Kashabash | United Arab Emirates

09:20 - 09:40

Ethical AI: exploring ethical challenges on the use of AI among medical imaging professionals.

Nikolaos Stogiannos | United Kingdom

09:40 - 10:00

R-AI-diographers: a European study assessing the impact of AI on radiographers' roles, careers, and professional identity.

Nikolaos Stogiannos | United Kingdom

Opening Ceremony- Conference Hall A (Diagnostic Hall)

11:00 - 12:30

Session 2

Chairperson: Mohammed Mahmoud Abuzaid

11:00 - 11:20

Less work and more practical approaches: An exploration of stakeholder opinions and priorities for UK postgraduate medical ultrasound education

Emily Skelton | United Kingdom

11:20 - 11:40

Abstract essentials: Making your research stand out

Emily Skelton | United Kingdom

11:40 - 12:00

Research in Radiography: An international perspective

Emily Skelton | United Kingdom

Nikolaos Stogiannos | United Kingdom

12:00 - 12:15

Innovation and Practice Transformation in Medical Imaging: How to Move Forward

Wiam Elshami | United Arab Emirates

12:15 - 12:30

Advancing Radiography Education in Arab Countries: Developing Radiographers'

Mohamed Abuzaid | United Arab Emirates

12:30 - 13:30 Lunch Break

13:30 - 15:30 **Session 3**

Chairperson: Dimitris Katsifarakis

13:30 - 13:50

Conceptual Principles of Photon Counting Detector CT: An Overview of Cutting-Edge Technology

S. Panneer Selvam | India

13:50 - 14:10

Intra Operative Marvels & Zero Helium Boil-off Innovations: An Overview

S. Panneer Selvam | India

14:10 - 14:30

Smarter Scans, Safer Patients: Integrating AI in Diagnostic Radiology for Radiation Safety

Shahshi Shetty | India

14:30 - 14:50

Optimizing Acute Stroke Management: From CTA Triage to DSA-Guided Interventions with AI-Powered Safety Protocol

Aditya Nagrath | India

14:50 - 15:00

Ethics and Challenges of AI in Radiology Navigating the Future with Responsible Innovation

Aditya Nagrath | India

15:00 - 15:20

Deep Learning in Risk Prediction and Detection of Breast Cancer in Dense Tissue

Anudeep Kaur | India

15:20 - 15:30

Q & A

15:30 - 16:00 Break

16:00 - 17:20 **Session 4**

Chairperson: Rabiha Seboussi

16:00 - 16:20

Safety Considerations in Outdoor-Radiography of Large Animals

Ludwig Botchway | United Arab Emirates

16:20 - 16:40

Ultrasound Incorporation in Your Veterinary Practices: Tips for Ultrasound Use

Mohamed Abdelmegeid | United Arab Emirates

16:40 - 17:00

Small shadows, Big Diagnosis: Lessons from Everyday Radiology in Companion Animals

Ammarah Gani | United Arab Emirates

17:00 - 17:20

Teaching Veterinary Radiology in the Era of AI: Lessons for One Health Education

Edlira Muca | United Arab Emirates

Technical Conference Program

DAY 2: WEDNESDAY, 22 OCTOBER 2025

08:30 - 10:00

Session 5

Chairperson: Mohammad Rawashdeh

08:30 - 09:00

Mastering the Fundamentals of Ultrasound physics and image optimization.

Syed Saleem | Turkiye

09:00 - 09:30

Mastering the Fundamentals of Vascular Doppler Sonography

Syed Saleem | Turkiye

09:30 - 10:00

Clinical Vein mapping and Venous Insufficiency protocol.

Syed Saleem | Turkiye

10:30 - 10:30 Break

10:30 - 11:30

Session 6

Chairperson: Buthaina Sulaiman Al Ameri

10:30 - 10:50

Establishing the National Diagnostic Reference Levels (DRLs)

Mohamed Thani Al Hammadi | United Arab Emirates

10:50 - 11:10

Radiation safety competencies: training requirements for the modern radiographer

Christos Antypas | United Arab Emirates

11:10 - 11:30

Impact of Measurement on Estimation of Radiological Risk

Sharifa Al Mutawa

11:30 - 13:00 Session 7

Chairperson: Asmhan Sajwani

11:30 - 11:50

Sustainable Radiology: Innovation, Efficiency, and Responsibility

Amina Mahmood Ahmed | United Arab Emirates

11:50 - 12:10

CT Vascular Imaging - Tips and Clues

Abdulla Rahman | United Arab Emirates

12:10 - 12:30

Establishing Local Diagnostic Reference Levels for Adult CT

Abdominal Studies: A Quality Improvement Initiative

Afra Alfalasi | United Arab Emirates

12:30 - 12:50

Contrast Stewardship in Radiology: Protocol Optimization & Waste Reduction for Safer, Greener Workflows

Walter Coudyzer | Belgium

12:50 - 13:00

Q & A

13:00 - 14:00 Lunch Break

14:00 - 15:30 Session 8

Chairperson: Dr. Ali Zaile

14:00 - 14:20

Building a radiology Quality program with existing resources

Dimitris Katsifarakis | Greece

14:20 - 14:40

Localizing Global Quality Standards in UAE/GCC Radiology

Hashim Al Awadhi | United Arab Emirates

14:40 - 15:00

Practical Quality Programs: Performance Monitoring & KPIs That Matter

Salah El Rai | United Arab Emirates

15:00 - 15:30

Reducing Radiology Errors: What Every Radiographer Should Know

Asmahan Sajwani | United Arab Emirates

15:00 - 16:00 Break

16:00 - 17:20 Session 9

Chairperson: Kaltham Abdulwahid Noor

16:00 - 16:20

Assessing Communication Skills among Sonography Professionals in the UAE

Aisha Mayana | United Arab Emirates

16:20 - 16:40

Communication of Adverse Findings in Sonography Practice

Anood Hamid | United Arab Emirates

16:40 - 17:00

Comparison of Thyroid Imaging Reporting and Data Systems

Ajnas Al Katheeri | United Arab Emirates

17:00 -17:20

Blood flow assessment: effect of joint angle on doppler spectral evaluation of the brachial artery

Maryam Alhebsi | United Arab Emirates

Technical Conference Program

DAY 3: THURSDAY, 23 OCTOBER 2025

08:30 - 09:55

Session 10

Chairperson: Dimitris Katsifarakis

08:30 - 08:45

Efficiency in Cardiac MRI: Navigating Challenges and Driving Innovation

Abrar Noor | Saudi Arabia

08:45 - 09:00

Diffusion Tensor MR Imaging of Human Brain and Cervical Spinal Cord at 3T MRI

Dolly Sharma | United Arab Emirates

09:00 - 09:15

The Ability of Contrast-Enhanced Ultrasound, Conventional Ultrasound, and 99mTc-MIBI Scintigraphy for the Detection of Parathyroid Lesion in Patients with Primary Hyperparathyroidism

Rana Abd Almugeeth Eisa | Saudi Arabia

09:15 - 09:35

Assessment of Biological Damage Induced during Multidetector CT Examination

Shashi Shetty | India

09:35 - 09:55

Study of Posterior Slopes of Tibial Condyles in Osteoarthritic Patients Using 3D Imaging

Dolly Sharma | United Arab Emirates

09:55 - 10:30 Break

10:30 - 12:30

Session 11

Chairperson: Mostafa Abdelrahman

10:30 - 10:50

Comparative Effectiveness of Deep Learning and Adaptive Iterative Reconstruction in Oncology CT: A Mixed-Methods Systematic Review of Radiation Dose and Image Quality

Hasina Khan | United Arab Emirates

Fatima Al Yafei | United Arab Emirates

10:50 - 11:10

Fundamentals of IVUS and OCT from technicians' point of view

Ahmad Abu Qorah | United Arab Emirates

11:10 - 11:30

Evaluating Deep Learning Reconstruction vs Iterative Techniques in Low-Dose HRCT Thorax: A Comparative Study on Image Quality and Radiation Dose

Obhulichandran Madhivanan | United Arab Emirates

11:30 - 11:50

Predictive role of [18F] FDG PET CT radiomic parameters for KRAS/ BRAF/EGFR mutations in metastatic colorectal cancer patients

Magdy Ali | United Arab Emirates

11:50 - 12:10

Evolving role of the radiographer: Are radiographers provided with adequate education to engage AI and research?

Bashar Afif Issa | United Arab Emirates

12:10 - 12:30

Survey of Breast Compression Performance in Mammography Systems Operating in Jordanian Facilities

Mohammed Ayasrah | Jordan

12:30 - 13:30 Lunch Break

13:30 - 15:35 **Session 12**

Chairperson: Mostafa Abdelrahman

13:30 - 13:50

Bridging the Gap: Simulation as the Key to Clinical Skills

Leena David | United Arab Emirates

13:50 - 14:10

The Hidden Diagnosis: Clinical Relevance of Incidental Findings in Ultrasound

Safeya Adel | Bahrain

14:10 - 14:30

Quantifying Lifetime Attributable Risk: Age-Specific Analysis for Radiation Safety

Mohammad Rawashdeh | United Arab Emirates

14:30 - 14:50

Gender-Based Challenges in Sonography: The UAE Experience

Mohamed Asif Haja Mydeen | United Arab Emirates

14:50 - 15:05

The Knowledge and Attitudes of Sonographic Professionals about biological effects of ultrasound

Fatemeh Sadeghi | United Arab Emirates

15:05 - 15:20

Assessing environmental sustainability in ultrasound imaging: knowledge, practices, and challenges among ultrasound professionals in the UAE

Ebtisam Mohamed | United Arab Emirates

15:20 - 15:35

The Power of TI-RADS in Streamlining Thyroid Nodule Assessment

Khaleel Abuoudeh | United Arab Emirates

Closing Ceremony in Hall A (Diagnostic Hall)

advamed-me.com

At Advamed and its affiliated companies both our customers and partners are the center of our focus. Since launching in 2010, our ultimate goal is providing customers in the region with superior, state-of-the art products that would best fit their needs. As we continue to grow, we remain pioneers through our commitment to quality and our relentless pursuit for excellence. Over the years, we have successfully reached many milestones that we have set for ourselves in terms of financial strength, specialization and geographic coverage which could not have been achieved without a team of dedicated and dynamic individuals who are always eager to improve. We aim to exceed expectations; we are proud of our present and optimistic about our future. The journey began in 2009 with a group of entrepreneurs coming from elite multinational companies: their dream was to establish local distribution in the UAE and Oman with multinational standards. Since day one our approach was therapy, market, and product development. We are always seeking to expand through identifying market needs and introducing the latest trends in healthcare to our local markets. We conduct our business based on best practices and standardized operations while holding ourselves to the highest compliance and ethical standards. We embrace technology and we use it to improve productivity, communication, collaboration, morale, and engagement. We believe in building strong partnerships with our customers and suppliers based on win-win situations and long-term relationships. Our scope of operation covers the entire UAE through our Access Medical LLC & Oman through GLE Medical.

AIRS Medical Europe GmbH

+1 874 306 8731

Germany

airsmed.com/en/emea

AIRS Medical is at the forefront of healthcare innovation, leveraging cutting-edge AI technology to transform medical imaging with SwiftMR™. Our flagship product, SwiftMR™, enhances the efficiency and image quality of MRI scans, offering a cost-effective solution for hospitals and imaging centers. This makes MRI a more accessible and powerful option for early disease screening and diagnosis. By empowering healthcare providers to detect potential health risks earlier, SwiftMR™ helps transform the healthcare paradigm from reactive to preventive, ultimately enhancing lives through proactive health and wellness. AIRS Medical is committed to making advanced healthcare more accessible, reliable, and sustainable.

AMMT

+971 4 334 5455

United Arab Emirates

ammtuae.com

Arabian Millennium Medical Trading provides a wide range of medical and rehabilitation supplies and equipment. We cater to the needs of medical and hospital market by combining quality products and reliable standards with responsive and personalized after-sales service.

ARJ Medical

WHERE INNOVATION MEETS HEALTHCARE

ARJ Medical Supplies LLC

+971 4 427 9813

United Arab Emirates

arjmedical-uae.com

Established in 1997, ARJ is backed by one of the UAE's most experienced IT groups. Today, we bring that legacy into healthcare—offering AI-driven solutions and cutting-edge medical monitors that empower hospitals to work smarter and care better. With extensive IT resources and technical expertise, we deliver our services in a uniquely agile and reliable way, tailored to the needs of each hospital system.

Innovative Solutions for a Healthier Tomorrow

Setting the Standard in:

- MRI Safety
- X-ray Protection
- Ultrasound Accessibility

All while supporting the operational efficiency of capital equipment rooms worldwide. BARMED (Bright, Alert, Responsive) is not just a generic medical supply company, we are a niche medical products supply company focused on offering specialized, high-quality solutions that cater to the precise needs of healthcare providers, particularly in the field of radiology. With more than 10 years expertise, BARMED has distinguished itself in the global healthcare market by specializing in tailored, niche solutions that ensure superior patient care, clinical outcomes, and operational efficiency. At BARMED, we focus on delivering selective, premium medical products designed for specific healthcare applications, ensuring each product we offer meets the highest standards of quality and reliability. We supply cutting-edge technologies and specialized medical equipment all of which are crucial to optimizing patient care and operational workflows in healthcare facilities. In addition to our product offerings, BARMED provides expert healthcare consultancy services, offering tailored advice from clinic purchase to setup, medical equipment procurement and licensing. BARMED's guiding principle is to be Bright, Alert, and Responsive, ensuring that we are continuously aware of emerging trends and ready to provide innovative solutions that improve healthcare outcomes and operational success. Our slogan, Innovative Solutions for a Healthier Tomorrow, encapsulates our commitment to pushing the boundaries of healthcare delivery with the highest standards of quality, professionalism, and dedication.

EMITAC HEALTHCARE SOLUTIONS LLC

+971 50 378 1057

United Arab Emirates

emitachealthcare.com

Welcome to EHS our purpose is to improve the quality of life. An independent, privately-owned, and locally-owned part of a well-established UAE conglomerate, Emitac has been in business since 1978. We have developed a firm culture of building solid relationships with our customer base, as well as a solid foundation with our existing clients and our world-renowned partners who are leaders in their own respective sectors in the healthcare industry. They have been part of our immense growth and success over the years. We have successfully completed thousands of projects over the years and will continue to grow organically in a rapid phase and acquire more shares of the healthcare market. All of this has been possible because of our relentless commitment to transforming healthcare concepts and business models into world-class solutions that can be seen in our installations at healthcare facilities and medical institutions across the United Arab Emirates and in other parts of the region. At Emitac, our best feature and the most precious asset is our team of highly motivated, professional, experienced, and knowledgeable individuals, most of whom have been with us for many years and have been the pioneers of providing total healthcare solutions in the Middle East. Through their hard work, passion, dedication, and perceptiveness, they continuously drive this organization forward. This essentially is the secret to our success. "On behalf of the Board of Directors and the members of Team Emitac, we look forward to serving you and your healthcare needs." Mohd Kenanah, CEO

Esaote S.p.A.

+39 010 65471

Italy

esaote.com

Esaote is one of the world's leading manufacturers of medical diagnostic systems. It is a leader in the field of Magnetic Resonance Imaging and one of the main players in Information Technology in healthcare. Ultrasound is its core business, and since 2002 it has also entered the interventional sector. Since it was founded in the early 1980s, Esaote has oriented its Research & Development policy towards the creation of highly innovative products, based on careful analysis of clinical needs and market trends. Today, it is a truly global company, the epitome of Made in Italy around the world. Its headquarters is located in Genoa (Italy), and it maintains a presence in around 100 countries.

Leveraging our profound knowledge and fundamental technologies, our core businesses encompass healthcare, graphic systems, highly functional materials, optical devices, digital imaging, and document products. These offerings are rooted in our extensive portfolio of chemical, mechanical, optical, electronic, and imaging technologies.

ANNUAL RADIOLOGY MEETING IN DUBAI 2025

INFINITT MEA DMCC

+971 4 453 6977

United Arab Emirates

[infinitt.com](https://www.infinitt.com)

Founded in 1997, INFINITT Healthcare is a global leader in medical imaging and healthcare IT solutions. Headquartered in Seoul, South Korea, with over 20 international subsidiaries and distributors across more than 55 countries, INFINITT provides cutting-edge solutions designed to streamline clinical workflows, enhance diagnostic accuracy, and improve patient outcomes. Our product portfolio spans across the entire imaging informatics spectrum, including PACS (Picture Archiving and Communication Systems), VNA (Vendor Neutral Archive), RIS (Radiology Information System), 3D/AI visualization tools, Digital Pathology (DPS), and Cloud-based Enterprise Imaging platforms. INFINITT invests heavily in R&D and AI research, partnering with leading universities and AI startups to deliver next-generation diagnostic solutions. Our platforms are designed around interoperability, cybersecurity, and analytics, preparing healthcare institutions for the era of data-driven precision medicine.

ISRRT 2026 in Dubai

United Arab Emirates

isrrt.org

Experience history in the making at the inaugural ISRRT World Congress in the Middle East, bringing together Radiographers and Radiological Technologists from around the globe. Set in the vibrant city of Dubai, this dynamic event offers a unique platform for collaboration and knowledge exchange. Delve into cutting-edge programs, workshops, and sessions led by industry luminaries, as we collectively shape the future of medical imaging and radiotherapy. Partnered with ARM 2026, this collaborative endeavor is redefining the Radiography profession and paving the way for innovative advancements in healthcare.

Kyoto Kagaku - Leader Healthcare

+971 50 985 9538

United Arab Emirates

leaderhealthcaregroup.com

Since 2009 Leader Healthcare has rapidly grown to become one of the largest and most influential names in healthcare solutions across the Middle East. Based in Dubai, and with offices in India and Australia, we have an international approach to distributing only the best medical products, equipment and training to healthcare professionals. Saving lives and supporting the wellbeing of our community is the cornerstone of Leader Healthcare and our subsidiaries, Leader Life Sciences , Leader Edutech and Leader Biotech Pharma. Across our verticals we aim to harness remarkable products, the latest technology and finest customer service to deliver a peerless healthcare experience. Because we recognise the medical industry is dynamic and ever-changing, our goal is to react as quickly and responsively as possible to bring our customers exactly what they need, when they need it.

Majestic Medical & Technical Supplies

CathLab Consumables; Interventional Radiology Consumables; and Pain Management

+971 2 632 6999

United Arab Emirates

majesticmedical.ae

In 2005, Majestic Medical & Tech. Supplies L.L.C. was founded with a clear vision of becoming the top healthcare distributor in the UAE. We knew that the healthcare sector had incredible potential, so we decided to set up our main office in Abu Dhabi, the capital of the UAE. This location gave us a strong foundation for growth and allowed us to form partner-ships with leading manufacturers in the healthcare industry. Right from the start, we understood that our values would be key in at-tracting partners and customers. We aimed to offer the best quality products, exceptional services, and cost-effective solutions, creating a com-pelling offering in the market. We also recognized that we needed unwavering dedication and relentless effort for our continuous growth. Our team's passion for excellence became the driving force behind our mission, turning our aspirations into tangible realities. Through their commitment and hard work, we have steadily advanced our position in the healthcare distribution land-scape.

Quadri

+971 4 454 2620

United Arab Emirates

quadripharma.com

QUADRI is a pharmaceutical business organization that was originally established in Egypt back in 1994. The organization was setup with the goal to provide professional and reliable technical services to principals while covering: registration, marketing & distribution of products in total compliance to local and international regulatory standards. IN 2002 the organization was introduced to the United Arab Emirates market transferring the success outside Egypt to serve the regional demands. Quadri with offices in Abu Dhabi and Dubai offers quality products and services that includes but not limited to (Fertility, Life science and maintenance, Medical Projects, Medical Supplies, Nutraceuticals & Pharmaceuticals).

Radiographers' Society of Emirates (RASE)

United Arab Emirates

rase2.biglittleideas.com

The Radiographers' Society of Emirates (RASE), a non-profit under the Emirates Medical Association, represents radiographers across the UAE. Founded on April 28, 2018, through the efforts of Samar El Farra and Hashim Al Awadhi, RASE promotes excellence in radiography through education, training, and professional development. It became an official member of the International Society of Radiographers and Radiological Technologists (ISRRT) in 2021, marking a milestone for the UAE. RASE continues to enhance radiography standards, host workshops and conferences, and provide valuable membership benefits including CME opportunities, reduced event fees, and access to the Emirates Medical Journal.

Radiological Society
of North America

Radiological Society of North America (RSNA)

+1 630 571 2670

USA

[rsna.org](https://www.rsna.org)

The Radiological Society of North America (RSNA) is a non-profit organization that represents professionals spanning the full breadth of radiologic subspecialties in more than 160 countries around the world. We provide high-quality educational resources, including continuing education credits toward physicians' certification maintenance, host the world's largest radiology conference and publish six top peer-reviewed journals: Radiology, RadioGraphics, Radiology: Artificial Intelligence, Radiology: Cardiothoracic Imaging, Radiology: Imaging Cancer and Radiology Advances. We are dedicated to building the future of our profession, whether that's through our Research & Education Foundation, which has funded \$88 million in grants since its inception, our solutions to support standards development or educational outreach to low-resource nations.
